

## Tirgan Nowruz Festival Opening Night

Tirgan is a non-profit, non-religious and non-partisan cultural organization committed to promoting a cross-cultural dialogue between the Iranian-Canadians and the larger Canadian community through the production of year-round artistic and cultural activities including cultural festivals. One of their signature events is the Nowruz Festival held over three days here in North York at the Toronto Centre for the Arts celebrating the arrival of spring and the Persian/Iranian New Year. The weekend-long event featured six ticketed events along with over 30 free events including theatre, performances, music, art, and lots of kids shows and workshops. Special guests included Mayor John Tory, Willowdale MP Ali Ehsassi, MPP Stan Cho and countless other dignitaries.
